

Fabricwal Technical Data

Fabric wall accordion partitions combine the best features of the other popular brands of fabric accordion partitions with added timely innovations.

Steel Pantograph Framework
Beautiful Vinyl Fabric, Carpet or Panel Fabric Covers
Sound ratings of STC 39 and STC 40
Exclusive Adjustable Sweep Seals

SOFT DESIGN AT AN AFFORDABLE PRICE

Beautiful soft folds of up-to-date, colorful, heavy-duty vinyl fabric, luxurious wall carpet or popular panel fabrics are supported by a welded steel, pantograph hinged framework.

Quiet, easy operating, nylon-tired, ball-bearing wheels, standard on all models, carry the partitions effortlessly in heavy duty extruded aluminum overhead track. Deep-nesting acoustical end posts have positive latches. Prefinished metal Ceilingshield is standard for recessed track.

Sight dividing models as well as acoustically rated models may be specified.

OPERATING FEATURES

Fabricwal, with beautiful soft covers installed on welded steel frames, feature aluminum track, ball-bearing wheels, positive latches, and jamb moulds.
